

17-563 State Police Commission

The State Police Commission has only one program, Administration. Therefore the mission and goals of the State Police Commission are the same as those listed for the Administration Program in the program description that follows.

The State Police Commission was created by constitutional amendment to provide an independent civil service system for all regularly commissioned full-time law enforcement officers employed by the Department of Public Safety and Corrections, Office of State Police or its successor, who are graduates of the State Police training academy of instruction and are vested with full state police powers, as provided by law, and persons in training to become such officers. The commission is vested with board and general rule-making and subpoena powers for the administration and regulation of the classified state police service. The commission administers entry-level law enforcement examinations and promotional examinations; processes personnel actions; issues certificates; and schedules pay hearing and all other hearings before the commission.
